**ATTENTION
POSTS, CAMPS & STATIONS
DESC CUSTOMERS**

The Y2K problem does not relieve contractors of their obligation to deliver products ordered against the contract. If a contractor can't be contacted or should fail to deliver an order, Defense Energy Support Center (DESC), Direct Delivery Fuels (DESC-P) should be notified immediately at (703) 767-9509/9536 to process an Emergency Fuel Buy (EFB). Contact point and telephone number for emergency situations during after duty hours is the DESC Command Control Center (CCC) at (703) 767-8420.

If DESC can't be contacted, DESC authorizes local purchase authority for the period 1-10 JAN 2000.
